SUBJECT PROPOSAL FOR EXTENSION OF RYAN'S PIT ROLL-OFF CONTAINER
LEASE - JRB-011-96

After reviewing IT Corporation's proposal for the extension of the lease for roll-off containers currently holding Ryan's Pit treated soil, RMRS has determined that it is more cost-effective to bring the lease in house. Please notify IT Corporation that their proposal has been reviewed but will not be evaluated.

If you have any questions, please contact me at the above extension.
